SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

FRIDAY, APRIL 8, 1932

## New Work On Central Ave. Under Way

**City To Proceed On Other  
Projects Without Awaiting  
Injunction Decision**

With a hearing scheduled in the courts at Los Angeles early next week on the application of the Belohlavek-Isaacs faction in local affairs to restrain the city from proceeding with the improvement of Central avenue and the paving of other thoroughfares under the municipality's unemployment relief program, announcement was made by the engineering department this morning that another section of Central avenue will be under construction next week.

Also it was announced by Business Manager Al S. Myers that unless the courts issue the injunction that has been applied for, the Council on Wednesday will be asked to authorize the paving of parts of Park and Ramona avenues, for which the property holders have petitioned under the provisions of Ordinance 348.

Completion of the section of East Central avenue between Baldwin and Mountain Trail is scheduled for this afternoon or tomorrow.

Concrete work on curbs and tearing up of present surfacing on Central avenue east of Mountain Trail is already underway. All road crews will be transferred to the next stretch of the work, with this portion of the thoroughfare expected to be completed within two weeks.

Judge L. H. Smith in department 43 of the Superior Court on Friday directed City Attorney Phil Dodson to file an answer to the application for an injunction made in the name of the Protective and Improvement Association, at the same time overruling a demurrer by Mr. Dodson. Following filing of the answer the court will go into a hearing of the matter.

City Treasurer C. J. Pegler on Friday reversed his decision to refuse payment of wage claims to city employees engaged on projects undertaken under Ordinance 348 until the courts had passed upon the questions raised by it. Mr. Pegler signed the warrants and the men who had previously been refused their compensation were paid off.

## McRoberts Buys New Highland Ave. Home

George McRoberts, Jr., of 383 West Central avenue, purchased this week through Tom Neale, local real estate agent of 22 North Baldwin avenue, the former Anton C. Gerschler home at 526 West Highland avenue. The house, built seven years ago by Mr. Loghrin, is on a lot 100 feet wide and 179 feet deep and is beautifully landscaped. Mr. and Mrs. McRoberts and family plan to take possession immediately.

## WHEN A PAPER REALLY SERVES A COMMUNITY

EVERYONE on the staff of *The News* is heartened by and grateful for a fine expression of appreciation by Sierra Madre's American Legion Post. It is particularly gratifying coming so shortly after a similar tribute to the service *The News* renders the community by the membership of the Volunteer Fire Department. The Legion's letter follows:

L. R. Goshorn, Publisher,  
*The Sierra Madre News*,  
Sierra Madre, Calif.

Dear Sir: Sierra Madre's American Legion Post, No. 297, wants you to know how very thoroughly it appreciates the kindly interest *The News* takes in its aims and undertakings and the welfare of its membership.

Being loyal Sierra Madreans interested in the welfare of this beautiful city, it also wishes you to know how grateful it is for the splendid spirit of cooperation shown by *The News* in every movement looking to the betterment of the city and in presenting the city and its activities in the most favorable light possible to the world outside.

We believe the city is singularly fortunate in having a newspaper so responsive to the public interest and at the same time so chatty and altogether interesting. So that you may be acquainted with its feelings toward *The News*, Post 297 at a meeting on Monday, March 21, unanimously adopted a resolution expressing itself as above and directing that you be informed of its action.

Very truly yours,  
A. H. EMBREE,  
Commander, Post 297.  
Sierra Madre, Calif.  
March 29, 1932.

## Home Town Artists Get 'A Big Hand'

**Little Gallery Crowded As  
Townpeople Pay Respects  
To Local Exhibitors**

The Little Gallery in the City Hall was crowded last night as the April art exhibit of 12 Sierra Madre artists was officially opened. Punch and cakes were served to art lovers who came from all over the county to view the 32 canvasses hung around the walls.

Interesting and arresting from a standpoint of artistry and technique are the five paintings by Alfred James Dewey. Mr. Dewey was kind enough to explain his effects in layman's language to the reporter. His paintings are of mountains, rugged rock, desert, all freshly out-of-door studies. The effect is comparable to miniature work done on ivory, in that a translucence and clarity is gained by the peculiar oil treatment.

Miss B. Ward, whose contribution consists of a single portrait, is the illustrator for Sid Grauman, theatre impresario, and has painted practically all the motion picture stars, according to Mrs. Fred Griebenow, chairman of the art committee.

Henry Ivins Hawhurst shows several striking examples of leather brush work of which he is the originator.

A medium of expression that attracted much attention is an entry by D. Hohri, a resident of this city, who has caught the spirit and beauty of a Japanese Snow Scene, using white velvet as canvass, and a water pencil for the coloring agent.

Other exhibitors are M. Stanton, Leonard Borman, Ruth Taylor, Catherine Snell Tuttle, Dr. L. L. Krebs, Margaret Griebenow and Henry Ivins Hawhurst.

The receiving line at the reception (Continued on Page Eight).

## Start Mail Delivery In Canyon Park

**April 15 Fixed For Inauguration  
Of System To Those  
Who Furnish Boxes**

Permission to extend mail delivery to the sections of Sierra Madre Canyon reached by the newly paved streets, and also to the Churchill Tract, has been received from Postmaster Jessica Wright. The new service will start April 15th and there will be one delivery a day—in the morning. This delivery will bring all classes of mail, parcel post and registered mail as well as ordinary letters and papers, to Canyon dwellers.

As there are no sidewalks throughout this section, the mail will be delivered by a mounted carrier and the mail boxes must be placed close enough to the street for the carrier to be able to put mail in them from the car.

Postmaster Wright expressed herself as being much elated over being granted this extension of delivery as, in many post offices the routes are being cut down owing to decreased business. However the need, as presented to the department, evidently was considered sufficiently great to obtain the extension.

The postmaster urges all patrons on the new route to have their boxes placed for Friday morning, the 15th, as no mail delivery can be made except where proper receptacles are provided. She stated that, with intelligent cooperation from the patrons, much of the usual confusion in starting a new route could be eliminated and the service prove more satisfactory all around.

## School Board And Council To Confer On Tax Reduction

At a regular meeting of the Sierra Madre school board on Monday night a time will be fixed for a series of joint meetings of the City Council and the board preparatory to the compilation of the municipal and school budgets.

Both bodies recognize the necessity for the practice of rigid economy and the elimination of as many items as possible from their budgets this year in order that the tax rate shall be whittled to the lowest possible figure.

Several informal conferences on the subject have been held between Business Manager Myers, President Hartman of the school board and members of the Council since Mr. Hartman's recent reelection to the board.

At Monday's meeting of that body he will undoubtedly again be elected president.

## Observations

—By LEE SHIPPEY—

**A** LADY writes me that a pair of butcher birds are busily slaughtering birds in the neighborhood of 62 North Auburn avenue. She says she called up the Scout master and he referred her to the police. The police referred her to the Los Angeles Game Preserve Association. Now she's afraid to write Los Angeles for fear they will refer her to the New York Audubon Society, and they will refer her to the London Zoo. Can't some good, lawless citizen go around there with a rifle and do what should be done?

I've been one of the worst about supporting the Boy Scouts. I was appointed something or other about reading, and don't even know what my title was. I never functioned except two or three times when the boys called on me. And I'm always so rushed I'll always be that way.

But Sierra Madre has to have the Scouts if it wants to build its own future, if we want our boys to grow up right and our daughters to have the right sort of boy friends. Too many of us parents never get time to play with our children, to pal with them, and the pals they get are not so good.

Too many of us never really get hold of our boys, but the Boy Scouts get hold of them, put them on their mettle and bring out the good in every one of them.

I'm broke as last year's Easter egg myself, but I'd go without lunches two weeks to give something to the Scout fund.

## Veto Application For Marlborough Terrace Rest Home

Efforts of Alice Belcha to have a two and one-half acre plot on Churchill road zoned to permit establishment of a rest home or sanatorium was vetoed Tuesday night when the City Planning Commission declared its inability to take action on the petition.

The Marlborough Terrace was zoned by a referendum vote in 1925 to prohibit such establishments, the commission told the applicant, and therefore places the matter outside the jurisdiction of the body.

At the meeting a counter-petition, drawn by members of the Marlborough Terrace Association and opposing the requested zone change, was presented. The petition had been referred to the commission for action by City Council where it was originally presented.

## 350 Coming For School Hygiene Meet

**Tooth Templars Of Southern  
California To Hold Ses-  
sion At School**

The "Tooth Templars," an organization composed of school children throughout Southern California whose purpose is the furthering of dental hygiene, will meet at the Sierra Madre School tomorrow afternoon, 350 strong. J. L. Pomeroy, county health superintendent, Anna Rude, chief of child hygiene for the county, and Emma Durbin, oral hygiene superintendent, will be chief among the guests, reports Mrs. Ellen Cole Barker, school nurse and Templar advisor here.

Pamela Gaze is the young president of the local organization; Norma Dacks is vice-president; Marilyn Paschall, secretary and treasurer; Robert Thomas, junior health officer; and Helen Nomura is junior nurse. Guests will be welcomed by a song of welcome by the children, and a health pantomime entitled "In the Days of Good King Arthurbrush," which was written especially for the program by Mrs. Florence Eakman, will be given in the auditorium.

For the best and largest better teeth unit present there will be an award of a silver cup, and a special prize consisting of a giant toothbrush as a gesture of goodwill by Sierra Madre. A luncheon given by the Chamber of Commerce will be served a group of the officials of the County health service under the vine at the Wistaria Fete.

## DEMOCRATIC WOMEN HOLD MEETING HERE

Mrs. Grace B. Caukin of 497 West Grand View avenue, desires all Democratic women of Sierra Madre, to meet in the City Park House next Tuesday afternoon at 2:30 o'clock for a discussion of Speaker Garner for President.

## 'Prince' Who Lived Here Passes On

**Many Believed 'Mr. Windsor'  
Was King Edward's Son  
—His Romantic Story**

"Prince" John Guelph de Windsor has passed on. "Prince" John, familiar to many of the older residents of Sierra Madre as claiming to be the son of King Edward VII of England, and proprietor of a sanitarium on the site of the new Passionist Fathers' monastery, died in Los Angeles on Wednesday while visiting friends.

The tall, distinguished figure of "Mr. Windsor" was frequently seen on the city's streets over a long period of time. Although the majority of residents took the story of his origin with a grain of salt, there were others who believed.

It was generally understood by everyone that a person riding in the local bus must always expect the "Prince" to receive preference in service, being taken home first although paying the same 15 cent fare. This was the reward of "royalty."

There was some basis, it was said, for believing the "Prince" story might have a foundation of fact. Many times distinguished looking English persons visited him, always doing so with a little ostentation as possible, as if to prevent the information from seeping back to the mother country.

The "Prince" moved from Sierra Madre several years ago, selling his property, once the Alta Monte house, and previously the old Palmer T. Reed ranch.

His story, as related upon his death, was told by Mrs. Jennie Ward Hayes "de Windsor." He was assertedly a bishop of the Wesleyan church.

His royal lineage was thus: He claimed to be the son of Edward and the Crown Princess of Wales of the Henry line who was to have been Edward's wife and queen. But Queen Victoria, so the story went, brought about a marriage between Edward and Alexandra, Danish princess, and another of the present King George. The plot assertedly resulted from an agreement with Bismarck, who wished to see German blood sharing the English throne.

Local residents who knew the "Prince" say he was eccentric in both his dress and mannerisms and belonged to a small religious sect that held meetings in Pasadena. He manufactured and sold a wine tonic that became widely known—a tonic made of dandelion syrup and grape wine.

## Planners Of County Come To Inspect

**Luncheon At Flower Show  
And Tour Of Bailey Canyon  
And Other Projects**

Outstanding praise of the beauties and hospitality of Sierra Madre are contained in the invitation on which members of the City Planners Association of Los Angeles County tomorrow come to the Wistaria City luncheon guests at the Annual Spring Flower Show which opens today. The luncheon is scheduled to begin at 12:15 o'clock at the Woman's Clubhouse after which the visitors will visit Bailey Canyon Park and inspect other recent local improvements that have attracted attention.

City Business Manager Al S. Myers and Councilman Lester K. Layton have been asked to address the assembled city planners. Mr. Myers will present a resume of local street and park work, fire protection measures and water conservation activities in relation to city planning.

Mr. Layton, a member of the local planning commission, will speak of the Bailey Canyon improvement, which is the realization of an idea conceived by his fellow commissioner member, Prof. Oskar Selling.

Principal speaker at the luncheon will be James L. Beebe, chairman of the co-ordinating committee on special assessments that sponsored and carried through to a successful conclusion the 1931 special assessment debt limitation bill. Mr. Beebe's topic will be "The Taxpayers' Problems in 1932."

## INDIAN CHIEF WHO KILLED SELF HERE LEFT ESTATE OF \$748

A bank deposit of \$748 comprised the estate of Chief Buffalo Child Long Lance, Indian author and actor who committed suicide March 20, while a guest at the Anita Baldwin ranch, according to a petition for letters of administration filed in probate court by the public administrator.

The Indian writer left no will, but is said to have a father living in North Carolina.

## Latest Newcomers Welcomed To City

Newcomers welcomed to Sierra Madre during the past week are Beatrice McGuane, 101 North Grove street; E. L. Hamilton, 308 Churchill Road; Mrs. E. O. Vandyke, 385 North Baldwin avenue; Samuel Kole, 377 West Montecito avenue; L. E. Munseu, 57 Morton avenue; Ernest E. Knapp, 45 Montecito court; G. H. Gillette, No. 4 Belle Vue court; D. A. Dack, No. 2 Bella Vista Terrace, and F. M. Robinson, 385 North Baldwin avenue.

## Gayest Posy Show Opens Here Today

**Many Social And Civic Events  
Blend With Annual Horti-  
cultural Display**

What is expected to be Sierra Madre's most important Flower Show, both socially and horticulturally, opens at the Woman's clubhouse this morning. It will be the first time in the history of this annual event that both the Wistaria Fete and Flower show were held at the same time.

With four social affairs of major importance scheduled during the two day festival, doors of the clubhouse at 270 West Central were opened to the public early today. Throngs of people shortly after invaded rooms of the club, in which several hundred exhibits had been tastefully arranged by a committee of which Miss Virginia Jones, club president, is chairman.

Flower exhibits fell in two general classifications, potted plants and cut flowers, and amateur and professional entries. No estimate of the number of entries would be made by show officials, who declared entries were still coming in. The number probably will run considerably above 200.

Activities for the show have been in the hands of Mrs. George Lehner and a corps of assistants numbering many of the best known in social activities of Sierra Madre. More than two score men and women have been working upwards of six weeks to make the affair a success.

The first important item on the programed entertainments during the show will be a bridge tea held this afternoon. Mrs. H. H. Steinberger, in charge of refreshments, reports more than 25 tables for bridge already have been booked. A tea at 4 p.m. will be open also to those unable to attend the bridge party.

Throughout the two days home-made candy will be on sale, but tomorrow's program opens with a food sale in the morning. A luncheon honoring the Association of City Planners of the County of Los Angeles will be held tomorrow at 12:15.

A dance Saturday night ends the two day show, and will bring out juniors of the town as well as adults. Dance music will be provided by a six piece orchestra noted for the excellence of its dance music. Mrs. J. H. Robertson has charge of arrangements, and a long list of patrons and patronesses is headed by Miss Virginia Jones.

Included among the expected out of town guests for the luncheon tomorrow will be a large group from the Los Angeles League of Women Voters. The receiving line will include Prof. Oskar Selling, J. N. Hawks, Lester K. Layton, Mrs. James Osgood, Mrs. W. J. Lawless, R. C. Corfield, Mrs. Frank J. Hart and Carl Hart.

Among displays at the Flower Show are those by Mrs. Jessie Ward Russell, varied blooms; Star nursery, cut flowers; Esther Foreman Garden Club; Mrs. E. D. Burbank, irises and roses; Mrs. George H. Lehner, roses and irises; Mrs. Stella Dennison, sweet peas; Mrs. John H. Osgood, irises; Mrs. Thomasella H. Graham, roses and potted plants; rare perennials grown by the Wright brothers, entered with Mrs. Graham's display; Howard & Smith nursery, rare Cinerarias stock, double Gerberas, and other rare plants, and the McAfee "Old Fashioned Garden," display of Ruffled Petunias, Pelargoniums, or Marthia Washington Geranium, and Italian pottery and garden novelties.

Thirty baskets of prize plants of every variety and description, were distributed throughout the rooms of the club house, and at 10 o'clock were to be judged and awarded prizes by a committee consisting of Mrs. John Osgood and Mrs. R. W. Solomon.

## ADOLPH KELTERBORN INJURED WHEN GAS EXPLODES IN HIS CAR

Adolph Kelterborn, designer and builder of the Sierra Madre, world's largest glider, was badly burned about the hands and face yesterday when a short circuit caused a gasoline explosion while he worked on his automobile at a Central avenue garage.

Mr. Kelterborn was given first aid treatment by William McDough, of the Sierra Madre Drug Company, and then was turned over to Dr. E. L. Jackson. His injuries consisted of first and second degree burns of the left arm and right hand. He suffered considerably from shock but expects to be about in a day or so.

## PALM PLANTING PROGRAM GETS UNDER WAY ON STREETS OF THE DOWNTOWN DISTRICT

Beautification of Sierra Madre's business district by the planting of the lovely cocos plumosa palms became a certainty yesterday when workmen began digging 125 holes along the curbs on Central and Baldwin avenues and Ker-sting Court.

The job is being carried through under the direction of the City Planning Commission and furnishes work for a number of

the unemployed. It is expected that the trees will be well established before the Olympic crowds arrive in Los Angeles and that they will greatly enhance the background for the parkway plantings that are already bursting into bloom on Central avenue and other streets.

The idea of planting the picturesque palms in the shopping district originated with the Chamber of Commerce more than a year ago. It secured an agreement with the Council that the city would plant and care for the trees supplied by the property owners. The trees which sold for as much as \$35 to \$50 each a couple of years ago may now be had at a ridiculously low figure.

After several conferences between the Chamber of Commerce and the Planning Commission the latter body recommended that the cocos plumosa be designated as the official tree for the downtown section, it having previously been chosen for planting in the parkways of West Central avenue, where some unusually fine, big specimens are growing. City Council adopted the Planning Commission's recommendation.

Recently the Kentia Palm Nursery announced that it would plant cocos plumosa along its extensive East Central avenue frontage as soon as the paving job now under way there is completed, so that the entire length of Central avenue will soon be an avenue of palms that will be most impressive when the trees now to be planted have attained a couple of years' growth.

## Increasing Interest In City Election

**Monday's Balloting Expected  
To Bring Out Greater Vote  
Than That Of 1930**

There is much speculation as to how many of the 1822 Sierra Madreans who are eligible to participate in next Monday's municipal election will perform their civic duty by going to the polls.

A week ago it was the general consensus of opinion that not more than a thousand votes would be cast out of the record-breaking registration.

Growing interest in the election during the last few days, as a result of the issue formed by the effort to halt the carrying through of the unemployment program has caused a revision in the estimates of many who now predict that the vote will exceed that cast in the city election of 1930.

The line is clearly drawn between the two sets of Councilmanic candidates on this issue, the incumbent Councilmen having voted to inaugurate the unemployment program under Ordinance 348 while their two opponents have attacked and attempted to set it aside by injunction proceedings.

Two Councilmen, a city clerk and a city treasurer are to be chosen. There are four candidates, including the two incumbents whose terms expire, for the Councilmanic places, and two candidates including the incumbents, for each of the two other positions.

The city has been formed into two election districts for the purpose of this election. The voters living east of Baldwin avenue will vote at Norm's garage on North Baldwin avenue. Those living west of Baldwin avenue will vote at the City Hall.

The polls will be open from 6 o'clock a.m. until 7 o'clock p.m. and only those citizens who registered this year on or before March 2 are qualified to vote.

## Fete Season Will Close Sunday Night

The Wistaria Fete will close on Sunday evening after a two instead of the usual three weeks season.

The great vine about which the Wistaria Town's annual festival centers was somewhat of a disappointment this year, failing through some quirk of nature to rise to the great glory of other years when its dazzling beauty sent away thousands of people from all over the world marveling at its size and gorgeousness—the length and exquisite shade of its blossoms.

Despite the short season, however, the Fete will have paid its way this year, the attendance equalling that of last year for the same period.

"We have made the fete a success despite the failure of the vine to do itself anything like justice and despite the depression," W. D. Richards, chairman of the committee in charge, said. "We feel it isn't right to disappoint visitors."

"One thing, however, that gives us encouragement is the information given us by many horticulturists that the vine is actually in a very healthy condition and will bloom better than ever next year."

in always running after work; it  
is not good intellectually or  
spiritually.—Annie Keary.

## Hot Lead

DOING THINGS in a big way was no idle expression at Post 297 headquarters during last Monday's meeting. Samuel Kole, visitor, now a resident of Sierra Madre at 377 West Montecito avenue, really gave the Post inside information on how to do things in a big way. Comrade Kole, better known as "Red" Kole, the Elephant Trainer, knows his big elephants and how to tell about them. His showmanship kept the boys in an uproar of laughter.

Six members of the Post have enlisted with the "Boy Scout Troopers" to help put Scouting over in Sierra Madre this year.

The old Army Yell of "When do we eat" was answered very sufficiently by the Auxiliary post lunch supper last Friday evening. How those Legionnaires did eat.

Officers' Training Camps and C.M.I.T. Camps will open and carry on as usual this year if the resolution passed by the Post is favored by labor employes and governmental institutions who have employes wishing to go to camp.

The local Post unemployment committee is cooperating with the Red Cross and other local relief workers to help put unemployed men to work. On March 24th the California committee reported 16,948 men put back to work.

"Carry On."

**GIFT FOR BIBLE TEACHER**  
The Bethany Bible class met for an outdoor luncheon and picnic at the Camelia avenue home of Mrs. D. A. Platte yesterday afternoon. A gift was presented to Miss Helen King, class teacher, in appreciation of her services.

must be in by  
APRIL 15th for  
NEW DIRECTORY

THE Sierra Madre Woman's chairman, will be Mrs. Emilie E. Smith, president of the Junior League of the club, and the following juniors: James and the Misses Angeline PerLee, Irene Middough, Ruth Klunk and Anna Green.

The meeting of the garden section scheduled for April 11 at the home of Miss Leah P. Fletcher has been postponed for one month. However, members are asked to meet on that date, Monday, April 11, at 11 o'clock at the clubhouse for a business meeting. The section will discuss parkway work and complete plans for the planting of flowers in the large flower pots to line Baldwin and Central avenues. The Chamber of Commerce is cooperating with the garden section of the club to beautify the business district during the Olympiad. "It is hoped that the plan will be as successful here as it has been in Monrovia and Redlands," says Mrs. W. J. Lawless, chairman of the garden section.

It is in charge of Mrs. J. E. James and Mrs. E. H. Porter and hostesses to the hundred guests participating in the affair are Misses J. D. James, E. H. Porter, C. F. Sommer, Irwin C. Louis, H. H. Steinberger and Gilbert S. Bovard. Attention of those who have not made reservations for the bridge party is called to the 4 o'clock tea.

Reservations have come in rapidly for the 12:30 luncheon Saturday, indicating unusual interest, the Association of City Planners of Los Angeles County presenting a program of unusual attractiveness. James L. Beebe, luncheon guest speaker, in his address, "The Taxpayers' Problems of 1932," will discuss the problem of the taxpayer relative to city planning, living costs and education.

Many out-of-town guests are expected, among whom will be a group of officers and members of the Los Angeles League of Women Voters and local members are looking forward with pleasure to receiving them. Hosts and hostesses receiving the visitors include Messrs J. N. Hawks, Lester K. Layton, R. C. Corlett, Carl Hart, E. D. Burbank and Prof. Oskar Selling; Misses John Osgood, W. J. Lawless, and Frank Hart.

Reservations for this luncheon may still be made with Mrs. P. C. Kortkamp, 341-2.

Mrs. J. H. Robertson is in charge of the dance which is the closing event. Patrons and patronesses for the affair are Miss Virginia Jones, Mr. and Mrs. J. H. Robertson, Mr. and Mrs. Lyle M. Anderson, Mr. and Mrs. Charles Collins, Mr. and Mrs. Robert Corlett, Mrs. Frank Hart, Mr. and Mrs. W. J. Lawless, Mr. and Mrs. Al S. Myers, Mr. and Mrs. William Middough, Assisting Mrs. Robertson, social

## In A Social Way

A quilting party was enjoyed on Wednesday afternoon at the home of Mrs. A. E. O'Banion, Camillo street. Guests included Mrs. W. D. Syester of Orange; Mrs. Laura Scott of Hollywood; Mrs. Emory Knickerbocker, Mrs. Ralph Parrott and Mrs. J. O. McDonald of Huntington Park; Mrs. Victor Pressap and daughter, Barbara, of Inglewood, and Mrs. Howard Sutherland of Alhambra.

Following a meeting of Miss Helen King's Bible Class of Bethany Church on Thursday morning, a picnic was enjoyed at the home of Mrs. B. A. Platte, 319 Camillo street. About 25 ladies were present.

A supper was enjoyed on Friday evening by the Junior Christian Endeavor Society of Bethany Church in Bethany Hall. An evening of games followed at which 25 members were present.

Celebrating the 45th anniversary of their wedding, Mr. and Mrs. Frank Barton of 252 Ramona avenue, entertained with a card party and midnight luncheon last Wednesday evening. Guests included Mr. and Mrs. D. R. Urquhart, Mr. and Mrs. A. B. Barton and daughter, Louise, and Mr. and Mrs. Vern Galvin of Pasadena, Mr. and Mrs. Frank Costegon of Huntington Park, and Mr. and Mrs. Lee Hibbs of Sierra Madre.

Using a novel color scheme of red and silver as the motif, Mrs. Ted Dillon of the Hayden Gardens, entertained last Thursday afternoon with a lovely bridge party. Prizes were awarded to Miss Virginia Jones and Mrs. Samuel Graham. Guests included Mrs. F. B. Chamberlain, Mrs. L. M. Anderson, Mrs. Harvey Steinberger, Mrs. Guy Steinberger, Mrs. Ethel Davis, Miss Virginia Jones and Mrs. Samuel Graham.

The home of Mr. and Mrs. W. E. Farman of 32 East Highland avenue, was the scene of a delightful luncheon on Monday afternoon. Guests included Mrs.

**CARD OF THANKS**  
We wish to express our heartfelt thanks to Dean Boe and all who in any way assisted in this sad hour, also for the beautiful floral tributes.  
Mrs. Elizabeth H. Froehlich  
Mr. and Mrs. John Froehlich  
and family.

## Ain't It Funny

That some business men  
Will get up in the morning,  
Shave with an advertised razor  
And advertised soap,  
Put on advertised underwear,  
Seat themselves at the table  
And eat advertised breakfast food,  
Drink advertised coffee or substitutes,  
Put on an advertised hat,  
Light an advertised cigar,  
Go to their places of business in an advertised car—  
And turn down an advertising proposition.  
On the ground that  
Advertising doesn't pay?  
Isn't it funny?  
—Eagle Rock Sentinel

## SMALL BUSINESS HOUSES GET A BREAK

That this is a day of opportunities for the small business that advertises consistently and that the depression has brought this fact forcibly to our attention, is the opinion expressed by Henry H. Heimann, executive manager of the National Association of Credit Men in his monthly review of business now being sent to the association's 25,000 members.

"With unusual facilities, small business establishments," Mr. Heimann says, "have cut their overhead, reduced their costs of doing business, while giant businesses lumber along, floundering on a sea of burden costs, and find it impossible to speedily make the necessary readjustments to cope with the present situation. The immediate future will find small industries and independent merchants once again coming into their own if management is competent. Because of their ability to meet changing conditions and because they will be favored with well as taxation, they are better able to pick up the tempo of the bargain hunters' tune in quick fashion."

By Henry Ivins Hawhurst  
HERE is a suggestion that should spur our local painters to bigger and better efforts.

A fellow named Golden talked over the radio the other night. A producer of plays—he inspired this suggestion. Will someone please page our village playwrights and those with histrionic aspirations before I continue, and it might be a timely suggestion for each one to bring along his own bottle of smelling salts.

Golden presented some figures—numerous, I mean. He said that only one play in every 10,000 submitted to producers is staged and only one play in every fourth that is produced becomes a financial success. This is where the smelling salts come in.

Painters—if we believe in theory—have a better break than the playwrights. In the first place we produce our own stuff and are able to present it to the public independently. No one man or group of men can stop us from doing this.

Few paintings live through one generation and into the next but this does not necessarily indicate that the paintings are without merit. It does prove that people change in their idea about artistic expression.

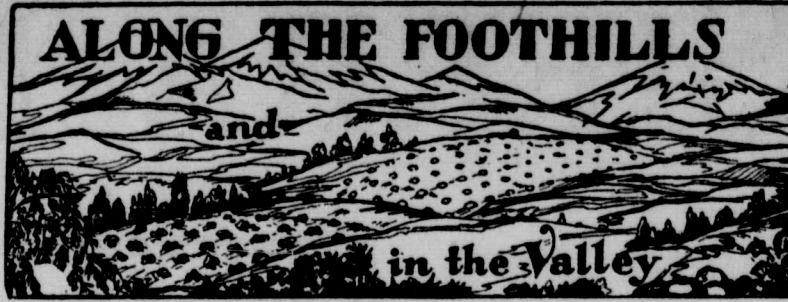

Now for my suggestion—suppose all of our painters work hard until they complete 10,000 paintings. Think what an exhibit we could put up with this number of canvases. Our "Little Gallery" would indeed be too little for such a huge exhibit but even this problem I have solved. We could resort to the out-door method of display as the used-car dealers have done.

With 10,000 pictures we could improve the appearance of every trolley and telephone pole and palm tree—fact is we could make nearly everything in our city, that offers an opportunity for hanging, into a staunch supporter of our art. Think how this exhibit would intrigue the thousands of visitors who come here every Spring, as they are coming now to view our wistaria vine.

If the law of average works at all with 10,000 pictures on exhibit we should sell at least two, thereby proving to the playwrights that painters are twice as fortunate as they. The balance of the pictures we could doubtless sell to our townfolks who have an unquenchable thirst for fine art—that doesn't cost over a dollar.

## SCHOOL CHILDREN TO GET DIPHTHERIA TREATMENT FREE

First immunization treatments for diphtheria will be given free of charge in the health office of the Sierra Madre school Wednesday, April 13th, at 9 a.m., according to Mrs. Ellen Cole Barker, school nurse. Children will be treated only upon written permission of their parents.

A plant for the production of natural fruit juices has just been put into operation in Upland.

A resolution is before the Monrovia Council demanding that Huntington Drive instead of Foot-hill Boulevard be designated Federal Route 66.

The registration for the May 3 Presidential primary in Arcadia is 2895, this being one San Gabriel Valley City in which the men outnumber the women—by 33.

There are 16 candidates before the people of Monrovia at Monday's election, when two Councilmen, a treasurer and city clerk will be chosen.

The Taxpayers League of Arcadia takes credit for the recent resignation of Harry A. Link as Mayor. The League says it was preparing to have him recalled.

A survey of postal conditions in Pasadena brought about by lowered receipts of the postoffice has resulted in the dropping of five letter carriers.

The city, county, state and federal employes living in Eagle Rock have just formed an organization, for the purpose of becoming better acquainted with one another.

A small home plan contest sponsored by the Riverside chamber of commerce is arousing much interest with April 30th day of the contest. The contest calls for the submission by residents of house sketches.

Another big league ball team has decided to come to California for its spring training hereafter. The Chicago White Sox, of the American league, has closed a deal for the use of Brookside Park, in Pasadena.

Legality of the annexation election held last March 7 in Tujunga, under which voters there decided to annex to Los Angeles City, has been upheld in a decision handed down by Superior Judge C. L. Shinn.

Three years ago the season produced 336 cars more of oranges in this (Covina) valley than has been produced this year, and at an average for the entire crop that was but ten cents the box more than it has been this year. The average three years ago was \$2.01, as against an average this year of \$1.91.—Covina Argus.

The record-breaking registration of voters in Monrovia is taken to mean that there has been a big increase in population since the 1930 census was taken. In a total registration of 5349 women outnumber the men by 329. There are 3606 Republicans and 1433 Democrats. The Republican women are organized and put on a campaign to secure a high registration. While the Republican men outnumber the

Democrats by about two to one the Republican women outnumber the Democratic women by about three to one.

Covina is going Sierra Madre one better in the way of encouraging beautification of the city. Not only is the city watering and caring for flower plantings in the parkways, but in fields and vacant lots as well.

On the occasion of a visit by Gov. James Rolph to the Kellogg Arabian horse ranch near Puento last week the Governor was presented with a thoroughbred stallion.

Pomona and neighboring towns are clamoring for a Superior Court to be located in Pomona and are asking all the communities in Eastern Los Angeles county to join in the demand for the creation of such a tribunal by the next Legislature.

A total of 499 cars of navel oranges have been shipped from three Claremont packing houses since the season began, and of this number 370 cars have been sold, according to local managers. Growers are receiving approximately 65 cents a field box for their product.

## With the Scouts

Many things are afoot at Troop 2—several of the scouts are practicing for this year's Junior Pen-tathlon, which they will enter under the sponsorship of the Holy Name Society. Besides that twice a week the Scouts are being taken to Monrovia, where a professional boxer is giving them pointers on the manly art.

Three or four of our Scouts are up for merit badges next court of honor. Also we have three applicants ready to swell the ranks at the same time.

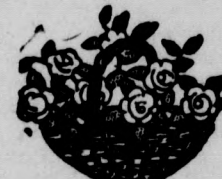

Incidentally Scouts—next week April 13th, Norman B. Jensen, our local director of organization and extension, will give our Scouts a talk. Look for these talks, they'll be coming regularly now.

David Wells Palmer, Scribe

## WILSON JUNIOR HI P.T.A. CALLS MEETING

The March meeting of the Woodrow Wilson Junior High School Parent-Teacher Association will be held Wednesday, March 13, at 2:30 p.m. in the Willard Auditorium. Miss Margaret E. Bennett, Supervisor of Guidance in the Pasadena City Schools will speak on "Vocational Training in the Pasadena City Schools." Transportation may be had through the school office.

## Put Your Clothes On Backwards For This Novel Party

A novel "Backward" party will be featured next Monday evening at a social session of the Friendship Club of the Congregational Church. Everyone attending is asked to wear her clothes backwards and bring pictures of her self when she was a child. The hostesses for the evening will be Mrs. William Dalzell, Mrs. Warren O. Preston, Mrs. Ross Osterhoudt, and Mrs. John Spoelstra.

Six patch work quilts have been completed by the club for welfare work at meetings at the various homes of the members.

## SANTA ANITA ROAD WORKER GRABS SAPLING, SAVES LIFE

Milton Allen, 31 year old county worker of Covina, owes his life to a tree, growing from the precipitous sides of Santa Anita Canyon.

A huge boulder, dislodged by members of a county road crew working on the new road, knocked Allen off a ledge in the Canyon early this week, sending him headlong down a cliff. Although badly injured by the heavy rock, Allen had presence of mind enough to grab a tree branch about 20 feet below the cliff edge. The boulder, said to have weighed more than a ton, dropped into the canyon bed.

Rushed to the Pasadena Emergency hospital, Allen was found to be suffering from severe injuries to chest and left shoulder, a possible fractured left hip, and injuries to both legs and his right arm. He was later transferred to the General Hospital.

## LECTURER ADVISES SLACKENING OF PACE

Mrs. Elmer A. Green, as chairman of the literature section of the Friday Morning Club of Los Angeles, is presenting the well-known novelist and newspaper man Sherwood Anderson on the program of the club Friday morning, April 8th. Mr. Anderson has given talks also at Caltech, University of Southern California and other educational centers. He is an apostle of quieting down from the modern hectic pace.

## Falsehoods Of Campaign Nailed Down

Fire Chief Refutes Assortment Of Charges Concerning The Department

To the Editor of The Sierra Madre News,  
Dear Sir: Among the many misrepresentations made during the present municipal campaign are several affecting the fire department that should be corrected. The most astounding is the charge contained in a political handbill circulated last week in which the following statement appeared: "Thursday, March 24th, the city council gave a dinner at the Wistaria Fete for 40 persons. This dinner was given by the city council, and will be paid for out of the general fund which we will all have to bear. THERE ARE MANY, MANY LITTLE CHILDREN IN THIS CITY WHO ARE ILL NOURISHED IF NOT HUNGRY! WHAT PRICE POLITICS?"

The fact is that the luncheon referred to was given by the Fire Department to distinguished guests on the occasion of the formal opening of the Wistaria Fete and paid for exclusively out of its own funds. The city did not contribute one cent towards the expense of the luncheon. More-

over the Firemen did not ask the city for the contribution of a dollar toward the Fete this year for this or any other purpose, though this is the first time in the history of the Fete that the city did not contribute.

Among other deliberate misstatements of fact of which the leaders of this political faction are guilty is a charge that my salary as chief of the Fire Department is \$140 a month. The men who made this statement as former officials know this to be untrue. The fact is that I receive a salary of \$10 a month as Fire Chief. As custodian and janitor of the City Hall I receive compensation at the rate of \$70 a month and as a member of the police force, regularly on duty, I receive \$70 a month.

Equally untrue is the charge that the automobile used by me in the service of the city is the property of the city and maintained by it. The fact is that the automobile is my personal property and that the city did not contribute a penny towards its purchase, nor towards its upkeep, either for repairs, gasoline or oil, though it is used in the city's service in connection with the Fire Department regardless of whether or not I am on duty.

It is unfortunate that deliberate efforts should be made to mislead our citizens by malicious misstatements and I will be greatly obliged for space in your columns to correct those that affect the Fire Department and myself.

Yours very truly,  
W. D. RICHARDS,  
Chief, Volunteer Fire Department,  
Sierra Madre,  
April 6, 1932.

## Big Issue In Monday's Election

Result Is Tremendously  
Important to the Peo-  
ple of Sierra Madre.

By Grace B. Caukin

To those of us who are vitally interested in the well-being of Sierra Madre and the honest, efficient conduct of its public affairs rather than in factional political advantages, the municipal election of next Monday is of tremendous importance.

It is important first to continue at the head of our government Councilmen who have proved their fitness as a reward for their services to the community. For unless we resist the efforts to drag Sierra Madre into low-toned factional political warfare we shall discourage capable, honest citizens from undertaking the unsalaried administration of our city government.

The present City Council has been the object of vicious factional attacks and misrepresentation for three years, though there have been several changes in its membership, calling into the city's service men of the greatest ability and highest integrity. Nothing that the Council has done or attempted to do during this period has been satisfactory to the disgruntled political element that was removed from office by an overwhelming vote of the people.

**Recalled From Office**  
In 1929 the people decided that the conduct of our affairs by Henry Isaacs and Joseph Belohlavek was unsatisfactory and because they were about to plunge the city into debt through an extravagantly planned public improvement, Mr. Isaacs and Mr. Belohlavek were recalled from

their positions of authority by a vote of more than two to one.

Behind a thinly veiled factional political organization known as the Progressive Civic League, which they controlled, they immediately set about to regain their offices through attacks upon their successors, the present council.

Ten months after their recall, Mr. Isaacs and Mr. Belohlavek followed up their attack upon the new city administration by presenting themselves for re-election to the positions from which they had been recalled. They were defeated by an even greater vote than that by which they were recalled.

Bitter and resentful, they immediately redoubled their efforts to discredit and defeat the present administration. For two years, by well laid plans to deceive the people, this campaign has been underway.

Meanwhile high salaried engineers, accountants and lawyers engaged by leaders of the Belohlavek-Isaacs faction have been constantly going over the city's accounts and records with a microscope, checking every transaction and expenditure in the hope of finding something irregular, improper or stupid. Be assured that if they had, our Councilmen would have been haled into the courts on all manner of charges and a campaign would have been launched to recall them.

### Nothing To Offer

Not a solitary reason has been advanced why the recalled Councilmen should be returned to the City Hall, nor why the city's affairs should be turned over to men who would do their bidding. At no time has a program for the carrying on of the government been proposed. Nothing constructive has been suggested. All has been fault finding, obstruction, misrepresentation and vindictive criticism.

Immediately after the election of 1930 a high powered street lighting fixture salesman and Mattoon Act bond dispenser, trained in the business of unloading expensive public improvements upon municipalities, came to Sierra Madre—imported from another city to organize opposition to the city administration and to create in our midst a piece of factional political machinery that would take control of our affairs out of the hands of the people.

The old Progressive Civic League had ceased to conceal the identity of the men seeking to control the politics of Sierra Madre and it was discarded. A branch of the California Taxpayers Association was formed, but the constitution of this organization forbids the use of the association for factional political advantage and the parent organization disbanded the local branch almost before it got started on a policy of destructiveness.

Another association was announced as having been formed through which the criticism, misrepresentation and hatred of hiding politicians was given voice.

### The Real Issue

Finally an irresponsible, anonymous publication preaching the doctrine of hate, made its appearance. Its ownership and direction is denied by those who use its columns to voice their malicious attacks and deliberate misrepresentations. Unsupported by the public, without a legitimate circulation or a responsible owner or publisher, it appears periodically, seeking to poison the public mind by innuendo, falsehood and exaggerations and to destroy public confidence in our regularly elected officials, so that you will turn over control of your affairs.

The election of Monday, April 11, is tremendously important to those who really care about Sierra Madre. And so is the issue to be decided.

We will decide by our ballots whether we want the affairs of our city administered by our regularly elected officers, chosen by the people, or whether they shall be carried on by hidden factional leaders representing but a small minority of our citizenry.  
(Political Advertisement)

### New Racket Worked On Valley Merchants

Here's a new fast one that has been "pulled" on merchants in several foothill towns that local merchants and clerks want to be on the lookout for: The "racketeers" work in pairs. The first person goes into a store, makes a purchase, giving the salesperson a \$10 or \$20 bill, receives change and leaves. Immediately following his departure, a woman accomplice purchases a low priced article and gives the salesperson a \$1.00 bill. After receiving her change she returns, stating that she tendered a \$10 or a \$20 bill, remembering it distinctly because it was the only bill she had. To prove her statement she mentions that a friend gave her a telephone number which she noted on the bill. Of course, the salesperson goes to the cash drawer, finds the bill desired with the telephone number thereon, and believing that a mistake was made gives the woman the difference in change.

## Mt. Wilson Trail Race Abandoned

Chamber Of Commerce Asked  
To Help Prepare For  
Monastery Dedication

The Mt. Wilson Trail race, one of the institutions of Sierra Madre, abandoned last year, will not be revived this year because of a lack of support.

This was revealed by Lester K. Layton before a Chamber of Commerce meeting on Monday night. No one, the city councilman reported, has been willing to undertake any part in financing the project, and it must wait upon better times.

"Everyone contends their pocketbooks are flat and that this is no time to put on races," Layton said. "Under the circumstances there does not seem much chance of financing the event."

Members of the Chamber were asked by W. R. Humphries to consider a proposal to take part in the preparations for the dedication services May 1 at the Passionist Fathers' Monastery.

"The opening of the monastery really is a signal event in the growth of Sierra Madre," Mr. Humphries said. "I feel that the community—through the Chamber of Commerce, should be represented. It is my idea that we might help through sending a crew of men to aid in clearing and landscaping the grounds. Surely there are enough willing to donate a day's wage, and surely there are enough unemployed here who would be available. The monastery's being situated in Sierra Madre will rebound to the credit of the city. We should do our part. We should also be represented at the dedication exercises."

Mr. Humphries' suggestion was taken under advisement by the Chamber.

## Players Arrange To Hold A Maytime Picnic In New Park

A Maytime picnic in Bailey Canyon to be held sometime next month was scheduled by the Players of Sierra Madre at the monthly membership meeting last Friday night in their new quarters, the Playshop, upstairs in the Woman's Club House. Pasadena Community Playhouse presented a one-act play, and a talk on the beginning of the Pasadena group was given by Charles Prickett.

At the next membership meeting a play by the Los Angeles Quill 'n' Buskin club and an original by the local Players will be staged in the Playshop.

## IL TROVATORE NEXT OFFERING OF SAN GABRIEL OPERA CLUB

Members of the San Gabriel Valley Opera Reading Club are looking forward with particular pleasure to their meeting on Saturday morning April 9th, when Ernestine Wheatley, president of the club, mezzo-soprano, will sing the part of Azucena in the presentation of the opera "Il Trovatore." Mrs. Wheatley appeared before the club last year when she artistically sang the title role

of Cadman's opera "Shanewis."

On Saturday's program the part of Lenora will be taken by the distinguished artist Countess Selma Van Altröck-Plummer, dramatic soprano.

Fred Leedom Scott, well known tenor, who has appeared with the Los Angeles Grand Opera Association as soloist, will sing Manrico.

Frederick Vance Evans, director of the club, will give the opera analysis and will also sing the baritone role of Count di Luna.

The meeting will open at 10 o'clock in the Arcadia theatre.

## How Science Works Told By Lecturer

Not Only Heals Sickness But Affects Unemployed, Says Peter V. Ross

A lecture on Christian Science, "What It Is and How It Works," was given under the auspices of First Church of Christ, Scientist, of Sierra Madre, in the Sierra Madre Public School Auditorium,

Sunday evening, by Mr. Peter V. Ross, C.S.B. The auditorium was filled. Mrs. Alma E. Morgan introduced the lecturer who spoke in part as follows:

Not long ago, after delivering a lecture somewhat like this one, I stood watching the people leave the auditorium. Presently a woman in middle life came along. She was rather more than walking. She was so full of vigor that she was striding. As she passed me she said, "This is the first time I have walked out of the church." She had been helped into the place, she had been helped out of it, I do not know how many times, but on this occasion she

walked out on her own power. What had happened? Some of the fear which had been bearing her down into helplessness had been lifted and dissipated. Her thought had been clarified and uplifted. All a result of the truth she had heard. And with the transforming of her body. For the human body is what the human mind makes it. When the human mind is depressed or confused with fear, it can scarcely be expected to construct a normal body. But when this mind is clear, buoyant, and confident, it constructs a better, a healthier, a stronger body. You may recall the words of Mary Baker Eddy, the Discoverer and the Founder of Christian Science, in this connection. She says: "Consciousness constructs a better body when faith in matter has been conquered. Correct material belief by spiritual understanding, and Spirit will form you anew." (Science and Health, page 425).

### Not Far Off

Take the time occasionally to reason along these lines: That God, instead of being a kinglike being off in the clouds somewhere, is Mind and Life. That He is here and now. Invisibly here it is true; he makes Himself visible or manifest through spiritual man, establishing divine intelligence and irrefragable life in each individual, for man's consciousness rather than corporeality, existing in Mind not matter, out of reach of the perils of mortal existence. As you work out this dynamic proposition and grasp its significance you will gradually find yourself lifted out of the realm of disease and danger into the upper realm of health and safety.

When you gain the true concept that God is Mind and Life, you see how it is that you are always in His presence. You are always in the presence of intelligence, are you not? So near is it that it is your life. You cannot get anything between you and your intelligence. Whence comes this intelligence? So far as it is

sound and true it is the divine Mind asserting itself through you. God is nearer, if could be, than your thoughts. Your true self is at-one with Him; His intelligence is your intelligence and His life is your life, for there is only one Life. How then can your life be corrupted with disease? How can your intelligence be so confused as to believe in disease or evil? How can your well-being or existence be put in jeopardy? It cannot if you understand the truth of being.

### As To Unemployment

Christian Science not only heals sickness but it brings relief from other difficulties that interrupt the harmony of human existence. Unemployment and business depression are talked on all sides today. They are brought about largely by people arguing for them. There is no genuine reason and certainly no necessity for them. If people would stop their idle, fearsome talk in this connection, and try to realize that divine Mind directs all things great and small, production, distribution, and all the affairs of industry and business generally would become what they should be. If men and women would take the time each day to realize that the divine Mind is in fact the only Mind, they would go forth with the ability to meet their problems and difficulties and make their business and professional successes and useful enterprises in the community.

The unemployed are too much inclined to proclaim that there is no work and that the world has no need of them; when if they would insist upon the fact that every individual is important and indispensable, regardless of age or past failures, the situation would improve. There is something important awaiting the attention of every individual, something no other person can do. After taking this rational mental attitude, let the person in need of employment realize that the all-knowing Mind gives him the intelligence and vision to find his work or position. Then let him go out and look for it, expecting to find it and willing to do the work when found. No one is without opportunity and no one need be without employment.

### Employed By Jesus

God must express Himself, must express divine intelligence, life, and substance. These His qualities, he expresses through spiritual man. You can therefore say of the real man, indeed you cannot say less if you would state the full truth, that he is the invisible God's opportunity for making manifest every good thing, to use Paul's language, "He giveth to all life and breath and all things."

In the world of business and industry strife, greed, competition, rivalry, dishonesty try to assert themselves and to interfere with the success and well-being of the individual. For him to close his eyes to these sinister forces would be to invite them to snatch from him those good things which are rightfully his. He must not, therefore, be indifferent to these pretended forces, but rather must look them fearlessly and intelligently in the face and see how impossible it is that they should accomplish anything in a realm where divine Mind controls, meting out justice and abundance to all.

Christian Science has come into the world, as you all know, through Mary Baker Eddy. This great woman was a profound student of the Bible. While studying the Scriptures, especially the New Testament, it was revealed to her that Jesus in healing the sick, feeding the hungry, and raising the dead, was employing Science. He was not working wonders and miracles; he was putting into operation a Science which he understood. Naming her discovery Christian Science, Mrs. Eddy set forth its teachings in her great book, "Science and Health with Key to the Scriptures."

## Woman Witness Of Woosung Bombing Writes Of Scene

A vivid picture of conditions in war torn sections of Shanghai was contained in a letter received recently by Mr. and Mrs. Frank Lovell, from Mrs. Lovell's sister, Mrs. D. W. Cardell, now en route from Shanghai to Manila.

Mrs. Cardell, a radio entertainer and wife of a naval officer now on duty in China, accompanied her husband to China from Honolulu when he was transferred several months ago.

Mrs. Cardell described the bombing in February of Woosung forts by the Japanese air forces, which took place while she sailed down the river aboard the S.S. VanBuren.

"While we steamed down the river," she said, "15 airplanes passed overhead. As we drew abreast of Woosung fort the planes zoomed down right before our eyes and dropped bomb after bomb. We had a ringside seat. The captain called for full steam and got us out of there then he halted the ship so we could watch the bombing."

"About this time five Jap destroyers passed us, then opened fire on the fort. Every gun was in operation. They banged away, shells just missing us. We certainly had a ring side seat. I'll never forget the sight. It was marvelous, even if sad."

## Fire Flames

By one of the boys

If we don't get anything worse than the "Flu" before the Wistaria Fete is over, we will think the "Flu" a minor ailment. Heretofore, the Sierra Madre Fire Department had what we consider fairly good luck in all things attempted, and why the Wistaria Vine had to take a "day off" on our first year as managers of the Fete, is beyond our explanation. Despite this "hard luck," the boys are still cheerful and some even predict the sacrifice of their fire fighting money if it is needed to cover the expenses of the Fete.

It's the general opinion among the men of the Fire Department that we have as our friends the entire community and we still hope this is correct. But old Dame Rumor is connecting us with the political situation. Now this is one thing we have always endeavored to avoid and if there is a single (or married) member that is using the Fire Department for political purposes, the writer of "Fire Flames" hereby denounces him as a traitor to the organization.

Once more to put before the people (who may read this column and who are interested in the expense of the upkeep of the fire department), we will relate the salaries, etc., that we receive from the city. First there is a monthly sum of \$100 which is divided among the 20 members, giving to each man \$5 per month. From this amount he leaves \$1 in the firemen's fund. This fund is used mostly for charitable purposes with which the public generally is acquainted. Aside from this if a fire occurs later than 9 o'clock p.m., each fireman that attends such receives \$4 from the city.

The chief receives \$10 a month for additional time and expense he is subject to, during his "off" time when he is not acting as a police officer and custodian of the City Hall. The Chief uses his own automobile in all activities pertaining to fire department work, which includes Fire Warden, Fire Inspector of buildings

and general lookout for fire hazards.

It is the good luck of the taxpayers that Sierra Madre's Fire and Police Departments are one and the same as it is at the present, otherwise we would not be capable of having a man at the City Hall to man the trucks when an alarm comes in. This is the equivalent to having a paid fireman on the job at all times. It just happens that our chief is a member of the Police Department as well as the Fire Department and therefore the salary he receives as a police officer can not be charged to the fire department. The salary it would be necessary to pay just one man for being on duty as a fireman would be far in excess of what the cost now is. So we can see where our fire protection in Sierra Madre is at a very low rate. Even if there was

one paid man, he would be unable to take care of a fire himself and it is a case of volunteers or more paid men. However, space is up and everything is O.K., so let's keep it that way.

"Fire's Out."

# ACCOMPLISHMENTS —Not Promises

## A Few of the Things Done for Sierra Madre by the Present Administration

1. Pulling water department out of a hole and putting it on a paying basis.
2. Installation of fire hydrants and constructive support of the Fire Department, thereby cutting insurance rates 12½ percent.
3. Securing improvement of South Sierra Madre Ave., by county funds.
4. Securing improvement of South Baldwin Avenue by the county with county funds.
5. Settlement, out of court, of long drawn out water right litigation with Arcadia, advantageously to Sierra Madre and saving at least \$30,000.00 in costs.
6. Cutting city tax rate 23 cents for 1931-32 in face of greatly decreased assessed valuation.
7. Improved and accurate accounting methods installed in City Clerk's office.
8. Securing \$16,000. from the county for improvement of Central Avenue.
9. Cutting garbage contract (let by former council) from \$200 per month to \$50 per month, saving to taxpayers \$1,800 yearly.
10. Water conservation . . . saving thousands of cubic feet of water that formerly ran to waste.
11. Meeting unemployment crisis with a constructive work program.
12. Central Ave. Improvement now an actual fact.

**The present council inherited the Central avenue project---a Mattoon Act project fathered and ardently supported by the Isaacs-Belohlavek faction.**

It was a deplorably tangled mess.

By diplomatic handling---using the Mattoon Act as a lever---the council obtained the rights of way through the Hastings Ranch and induced the county to assume the cost of all that portion, including the bridge over Eaton Wash---A saving to Sierra Madre property owners of \$50,000.00.

The Isaacs-Belohlavek faction worked up a protest demanding immediate abandonment of the Mattoon Act on the remaining portion of the project, E. Central Ave. Mind you, the very same Mattoon Act they had strenuously tried to force on the city.

**Had the present council yielded at that time it could not have secured the \$16,000 allotment from the county. Therefore the protest was denied.**

When the city received the money, the work was started, not under the Mattoon Act, but under a local emergency ordinance for unemployment relief, No. 348, which saves the property owners more thousands and gives the work to Sierra Madre men instead of outside contractors.

**There will be no assessments over the city as a whole for the work now being done on East Central avenue.**

**If you do not own property on East Central avenue you will not have a cent to pay.**

The Isaacs-Belohlavek faction have brought suit to stop this work.

Isaacs and Belohlavek, after having been recalled as councilmen, failed in an attempt to be re-elected two years ago.

Morton and Udell, candidates for council, are sponsored by the so-called Improvement and Protective Ass'n, of which the recalled councilmen are members.

Why is Udell, whose services as a city employee ceased while Isaacs and Belohlavek were on the Council, now being supported by this so-called Association?

**Why did Udell sign the complaint against Central avenue?**

**Why did Mrs. Morton sign it?**

They don't own property on East Central. The property owners on East Central refused to sign the complaint.

Why are Morton and Udell trying to scuttle the entire work program for the unemployed?

Why is Udell, a former city employee, trying, in this time of grave national emergency, to stop the work that gives needy men of this city the chance to earn money to feed their families?

Udell and Morton have offered no plan to deal with unemployment and relieve suffering.

They have allied themselves with the effort to wreck the successful plan that is in operation. **WHY?**

### Legion Hears About Life In A Circus By Much Enlisted Man

Reminiscences of life in the circus as an animal trainer entertained local legionnaires at the group's meeting last Monday at the City Hall. The speaker was S. K. Cole of 377 Montecito street, who told of his experiences in trying to capture a crazed elephant which broke loose 10 years ago in Kansas City, terrorizing the town.

"That was an experience, and no mistake," the narrator said. "We tried everything, but that crazed mountain of flesh overcame every effort on our part. Not long ago an elephant terrorized Seattle, but believe me, that wasn't anything compared with what we went through."

Kole, who once traveled with the Sells-Floto circus, related many little known facts relating to animal care and training. He has served with the Scotch Highlanders, in the British Army, with the American Army during the World War, and also served four years with the French Foreign Legion.

son, Hale of San Diego, were the weekend guests of Mr. and Mrs. A. L. Wissburg of 129 East Central avenue. Mr. Chace is the Westinghouse representative for San Diego. The afternoon was enjoyed at the famous Wistaria Fete.

Mrs. Etta M. Wright of 233 Santa Anita Court, returned this week from a visit of a week in Ontario and Upland. During her stay in Ontario she was the guest of Miss Hazel Woods. Mrs. Alfred Mansfield of Essex, Vt., who has been house guest at the Wright home, remained in Ontario for a visit. She and Miss Woods will leave early in May for the East.

Miss Lalla Fagge, well-known violinist of 353 Sycamore place, returned on Wednesday from a week at El Centro and Imperial Valley. During her visit in El Centro she presented a number of violin solos at the The Ten Thousand Club, Choral Club and Kiwanis Club. She also rendered several selections over radio station KOX of El Centro.

Completing a 16 day trip by motor, Mrs. Wilbur F. Thayer Sr., of 197 West Montecito avenue, returned last Monday after visiting Yosemite, Palo Alto, Berkeley, San Francisco, Carmel-by-the-Sea, Monterey, Santa Barbara and the Opai Valley. Mrs. Thayer reports Yosemite particularly beautiful, with a great profusion of Spring flowers brought out by heavy rain and snowfalls.

### AUXILIARY ACTIVITIES

By Dorothy Shetler

THE crowd at the Pot Luck Supper Friday night was large and jolly. The eats were plentiful and delicious. The "rubber hot dogs," "rubber chocolate drops" and the good-looking "cake pans iced" in different styles made an instant hit; with those that hadn't forgotten it was the first of April.

Mrs. Peter Lass won the aluminum cooker, Mrs. A. G. Goodyear won the large chocolate egg and Mrs. Colin Hill the table lamp in the drawing of prizes.

Mr. and Mrs. Frank B. Smithson and son from Pasadena were present. Mrs. Smithson, district child welfare chairman, gave a talk on what the welfare workers are doing.

Twenty-six dollars and fifty-eight (\$26.58) was realized from the supper and will be expended in child welfare relief.

Mrs. Arthur Embree, Child Welfare chairman, gave a surprise bunco party after the Pot Luck Supper. As an April fool stunt the first prizes for both lady and gentleman "dummy," the "dummy" prizes instead of being given as first prizes, causing much merriment, as the Stimmons and Shetlers carried off most of the prizes, except Florence Jensen's prize dinner bell and Catharine Miller's "rubber" chocolate drops.

Remember the War Widows and Orphans' Pension Bill. Write or wire your Senator to have it passed.

One of the "Auxiliaries" and her family visited the U. S. Battleship Pennsylvania at San Pedro on Sunday. Outside of being spray drenched and lost a few times after being trapped upon and jostled by the mob awaiting turns to visit the battleships, a swell time was reported. It surely is an enthralling sight to view all those big gray boats in formation.

The Food Sale for the Boy Scout benefit, scheduled for next Saturday, has been postponed until Saturday, April 23, at 9:30 a.m. at Tom Solary's Grocery, Baldwin and Central.

DON'T FORGET TO VOTE MONDAY, APRIL 11.

The regular Auxiliary meeting will be held Thursday, April 14, at 7:30 p.m. Initiation ceremonies to take place. All members and those to be initiated are urged to be present.

Mr. and Mrs. Ralph Chace and

### IN YOUR GARDEN

Help to make Sierra Madre more beautiful this summer for our Olympic visitors by planting flowering plants. Get the habit of having your garden and your city looking their best, then don't lose it.

The most satisfactory plants for covering the parking strips are trailing lantana, ivy geraniums, verbenas and rosy morn petunias.

Set young tomato and pepper plants; sow seed of green corn, peas, beans, beets, lettuce, squash and melons.

This is a splendid time to plant new lawns. Use only the best seed, cheap seed is adulterated with weed seeds.

Only established rose bushes should be planted now. It is too late to plant them in their bare roots. Spray your rose plants with "Black-Leaf 40" to kill the aphid and dust with sulphur to prevent mildew.

It is perfect now for planting oranges, lemons, grapefruit, tangerines, loquots, guavas, fiejoas, cheromoyias (custard apples), sapotes, avocados, and passion fruit.

It is not too late to plant figs, apples, peaches, plums, prunes, walnuts, pecans, nectarines, persimmons and quinces, but do not wait much longer or it will be too late to replant.

Divide and replant violets, gailardias, chrysanthemums and gazanias.

If you have not already shaded

### Demonstration Of Electric Wonders At Wistaria Vine

Demonstrations of a new traffic control timer with an actual working model were given by W. H. Robinson before the Kiwanis Club at the weekly luncheon at the Wistaria Vine Tuesday afternoon. Howard Bullock, who with Mr. Robinson was a guest of Jack Hosford, showed two reels of film depicting the latest scientific developments in electrical appliances.

Briefly sketching the progress of outdoor lighting from the ancient torch bearers up to the modern stadium flood-lights, Robinson answered questions pertaining to the interesting exhibit of equipment. The motion picture showed scenes of a giant electric hammer which can be used to press enormous steel blocks, and to barely crack an egg; a highly developed x-ray tube, with x-ray shots of human joints in motion and a giant arc capable of generating lighting up to half million volts.

A luncheon guest was City Engineer Sam Graham, who was a classmate of the other two in technical college. During the luncheon a program by the Wistaria Fete Mexican trio was given.

### Building Permits For March \$7,563

Ten building permits for work ranging from new roofs to a seven room residence, were issued during the month of March, calling for the expenditure of \$7,563, according to a report by the building department.

The permits were for the following persons and jobs: Robert Smith, of 633 W. Alegria, a 7-room residence; Dr. C. N. Barker, 232 Mariposa, storage room; Nathan Orent, 161 North Lima, 4-room residence; E. D. Burbank, 438 East Montecito, sleeping room; Mrs. Davis, roof at Safety way store, 58 West Central; Dr. L. L. Krebs, 65 East Central, studio addition; Dr. Winslow, 716 Woodland Dr., bathroom addition; Mrs. A. R. Pawson, 574 Brookside Lane, roof; Mrs. J. W. Jameson, 481 West Highland, garage, shed and bath; Mrs. O. Roe, 169 Santa Anita Court, 3-room residence, double garage.

The building permits issued here during the corresponding period in 1931 totaled \$26,513, and numbered 32. Thirty-one permits have been issued this year.

### Ball Fans Resume Hunt For Diamond After The Election

Pending the coming of an "after election quiet," hard baseball activities in Sierra Madre will slacken. Negotiations for a baseball diamond site will not be continued until April 15, according to Frank P. Meyers, manager and organizer.

"It is too difficult to persuade people to stop and worry about a baseball diamond when they are trying to make up their minds about political candidates," Meyers said. "I think, however," he continued, "that our difficulties will be ironed out as soon as the elections are over and we get the right people to thinking about leasing us the necessary land."

### FRUIT TREES

Avocados, Lemons, Grapefruit, Tangerines, Cheromoyias, Guavas, Fiejoas, Jujubes, Figs, Peaches, Nectarines, Apples, Quinces, Plums, Prunes, Walnuts, Pecans

## NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE

No. 311007

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF LOS ANGELES  
HAMMOND LUMBER COMPANY, a corporation, Plaintiff,  
—vs.—  
W. L. PORTERFIELD, et al  
Defendants.

By the judgment and decree of the above entitled court in the above entitled action, entered and recorded on the 6th day of March, 1931, in judgment book 771 at page 299, et seq., wherein the above named plaintiff obtained judgment and decree of foreclosure and sale for the sum of Nineteen Hundred Sixty-five and 09/100 Dollars gold coin of the United States, plus interest and costs, to which judgment and decree reference is hereby made, and by order of sale issued to me by the clerk of the said court pursuant thereto, I am commanded to sell at public auction all of the following described premises, situate, lying and being in the County of Los Angeles, State of California, and bounded and described as follows, to-wit:

2.42 acres commencing S 47° W 137.65 feet from the most northerly corner of Levi Richardson Ranch; thence S 86° West 120 feet; thence South 55° West 151.61 feet; thence South 34° 48 feet East 120 feet; thence South on West line Lot 25, 199.50 feet; thence South 89°58 feet East 236.38 feet; thence North 61° 35 feet East 33.31 feet; thence North 51° East 47.42 feet thence South 20°31 feet East 57.51 feet; thence North 11° East 102.04 feet thence North 58° 15 feet West 112.53 feet thence North 52° 15 feet West 132.25 feet thence North 47° East 72.35 feet to beginning, being a part of Lots 24 and 25 Sierra Madre Tract, as per book 4, pages 502-3 of Maps, known as 300-04 Churchill Road, Sierra Madre, California.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 19th day of April, 1932, at 12 o'clock noon of that day, at the front door and Broadway entrance of the Los Angeles County Court House, in the City of Los Angeles, County of Los Angeles, State of California, I will sell the above described property, or so much thereof as may be required in compliance with the said order of sale and decree of foreclosure and sale, to the highest and best bidder for cash, gold coin of the United States.

Dated March 16, 1932.  
R. E. ALLEN,  
Commissioner appointed by said Court.

ON THIS 21st day of March, A.D., 1932, before me, Wordna Pyle, Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared Edwin Pyle and Evelyn E. Beck, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same. IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and the year in this Certificate first above written.  
(Signed) WORDNA PYLE. —26:29.

C. T. Richardson of Stratford, Wash., was persuaded by his sons to help collect stamps. His collection sold recently for \$10,000 paid the boys' tuition in college.

Former Ambassador James W. Gerard evidently became weary of carrying the deficit of the around and resigned his position as treasurer of the Democracy.

The citizens of Orleans, Vt., will not be asked to pay any local taxes this year. The community of 1300 inhabitants had \$12,000 in the treasury and the town council decided that it could struggle through the year with this.

Complete operation of the Los Angeles county fair at Pomona by the county is one step nearer under action of the board of supervisors, who have taken under consideration the offer of the fair association to give a deed to the county of the 200-acre fair tract.

More than 18½ feet of snow fell at Big Bear lake in the San Bernardino mountains this winter. The precipitation has been 55.75 inches. The lake has risen 7 feet 6 inches from its former level, it is said, and is now at the 44 feet 11 inch mark on the dam.

Cost of holding the county-wide election May 3, at which delegates for the national presidential conventions will be chosen, will cost the taxpayers of Los Angeles county approximately \$270,000, according to a report of William Kerr, registrar of voters.

Fifteen hundred citizens of Loa, Utah, have petitioned the court there to improve the "eye for an eye" law of Moses on one of their number. During a fight with a neighbor he chewed the latter's ear off. The petition asks the court to sentence him to have every last tooth in his mouth removed.

Taxes on an automobile in seven years equal the car's average value, it is revealed in figures of economics after a nationwide survey. Not only is this heavy taxation noted in cars, but it is shown that more than 23 per cent of the price of every gallon of gas sold in the United States in 1930 for transportation purposes was absorbed in state fuel taxes.

## GEORGE BAXTER HAS LEAD IN "EPISODE"

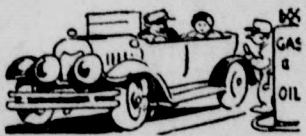

Remembered by Los Angeles play-goers for his performance as Sir Walter Raleigh with Pauline Fredericks in "Elizabeth the Queen," George Baxter, stage and screen player, will play a leading role in the production of "Episode," comedy-drama by Gilbert Emery, in which Margaret Mower, gifted actress, will be featured at the Pasadena Community Playhouse April 14 to 23.

Baxter's picture engagements, between stage plays in New York the past few years included roles in "A Woman Commands" with Pola Negri, "The Right to Love" with Ruth Chatterton. The actor is remembered as the blind French lover in Marion Davies' picture "Marianne."

## LONG BEACH DOCTOR LEASES PAWSON HOME

Dr. Eddie R. Pawson has leased her home at 105 East Central avenue to a Long Beach doctor and plans to move to her Canyon Park home, 574 Brookside lane, about April 15, at which time the Long Beach tenant will take possession of her home.

## Library Adds Many Interesting Books To Its Collection

New books, running a gamut from mystery stories collected by Carolyn Wells to the autobiography of a Russian Grand Duke, were added to the Sierra Madre library lists during March, a report by Miss Lulu More, revealed today.

The new books consist of 14 fiction and 10 non-fiction volumes,

the librarian said. The books are: Fiction: "Forever and Ever" by Spencer; "White Pants Willie," by Davis; "Summer's Night," Thompson; "Life and Andrew Otway," Bell; "Unfinished Business," Erskine; "Golden Years," Gibbs; "Job; the Story of a Simple Man," Roth; "David's Day," Mackall; "Dr. Thorndyke's Omnibus," Freeman; "Bricks and Mortar," Ashton; "Best American Mystery Stories," Wells; "Challenge of Love," Deeping; "Riders of the San Pedro," Becholdt, and "Law of the Range," Seitzer.

Non-fiction: "George Washington," Sears; "The Roof," Galsworthy; "Mind at Mischief," Sadler; "Only Yesterday," Allen; "Congorilla," Johnson; "Summary," Culbertson; "Mental Healers," Zweig; "Way of a Lancer," Boleslavski; "Once a Grand Duke," Alexander, and "These Restless Heads," Cabell.

## FACTS REGARDING YOUR CITY TREASURER

By Carlton J. Pegler

During my term of office as your City Treasurer, a period embracing 18½ years, I have handled for the City of Sierra Madre \$2,012,656, (two million twelve thousand six hundred fifty-six dollars).

In the time mentioned above the municipal income for taxes, licenses, etc., was \$1,643,361. That from the sale of improvement bonds was \$369,294. EVERY DOLLAR OF THIS AMOUNT HAS BEEN DEPOSITED IN THE LOCAL BANK OR OTHER REPUTABLE REPRESENTATIVE INSTITUTIONS AS DEMANDED BY LAW.

The City of Sierra Madre has received two per cent interest on the average daily balance throughout my incumbency.

Further---THE MONEY HAS AT ALL TIMES BEEN SECURED BY GOVERNMENT, MUNICIPAL, OR SCHOOL BONDS WITH A MARKET VALUE OF AT LEAST 10% IN EXCESS OF THE AMOUNT ON DEPOSIT.

THESE BONDS HAVE AT ALL TIMES, DURING THE YEARS OF SERVICE I HAVE RENDERED, BEEN HELD BY MYSELF AS SECURITY FOR THE FUNDS ON DEPOSIT.

MY ACCOUNT HAS BEEN REGULARLY AUDITED AND ALWAYS FOUND CORRECT.

For the handling and responsibility of these vast sums of money mentioned, I received the sum of \$30 PER MONTH.

I have owned PROPERTY IN THIS CITY FOR THE PAST 30 YEARS, AND AM NOW PAYING taxes to the amount of \$500.00 PER YEAR.

Last year I paid the water department of Sierra Madre \$331.00. During my 18½ years incumbency as your city treasurer receiving a salary of \$30 per month I have never submitted a charge-sheet for the expenses incurred and borne by myself in the discharge of my official duties.

IF, AFTER THESE FACTS ARE KNOWN, YOU THINK I AM STILL TO BE TRUSTED, I WILL APPRECIATE YOUR SUPPORT ON ELECTION DAY, MONDAY APRIL 11.

Mrs. Housewife—You needn't go shopping for Food Bargains. read the ads below.

**'Round the Town**  
Buddy Holland of 180 North Adams street, has been ill for a number of days this week.

Dr. Arthur O. Pritchard of the Congregational Church, spent Thursday at Palmdale.

Mrs. G. A. West of 470 West Highland avenue, has been ill this week.

Mr. and Mrs. Preston Schwartz and son, William, of 287 East

Montecito avenue, enjoyed a trip to Crystal Lake on Tuesday. The government fish hatcheries were visited enroute.

The Woman's Society of the Congregational Church will hold a rummage and cooked food sale on Saturday, April 30.

Mrs. F. B. Asdel and Mrs. E. F. Palmer and two children of Trinidad, Colo., are visiting Mrs. Elizabeth Froehlich of 245 West Laurel avenue. Mrs. Asdel is a

sister of Mrs. Froehlich and Mrs. Palmer is a niece. They were called to California by the passing of Peter Froehlich.

Mrs. S. L. Allen of Portland, Ore., visited Mrs. Harriet Buckingham of 47 Bonita avenue, last week.

Mrs. Lovetta Hicks Pratt, accompanied by Mrs. Myrtle McMullen Hill, presented her interpretation of Madam Butterfly on Wednesday at the Whittier Woman's Club.

Mrs. Mabel Medley of Glendale, was a visitor in Sierra Madre on Tuesday. Mrs. Medley is the sister of Henry M. Olsen and cousin of Mrs. Roy Edwards.

Merrill and Graeme Smith have been enjoying their vacation from Redlands University this week at their home, 609 West Central avenue.

Mrs. Billy Murphy of 186 Grove street, is improving from her recent illness daily. Her many friends are pleased to see her around town again.

Mrs. Maud I. Hogle, who has been spending two weeks at her studio, 80 East Laurel avenue, left on Thursday for her home in Carmel-by-the-sea.

Mr. and Mrs. Leslie Gulick of San Diego, were guests on Palm Sunday at the home of Mr. and Mrs. A. L. Wissburg, 129 East Central avenue.

Mrs. Emily Moyer of 52 East Highland avenue, entertained Mrs. J. H. Cragin and daughter and son-in-law of Los Angeles, last Sunday at her home.

Everyone seeking membership into the Intermediate Christian Endeavor Society are asked to meet with the executive committee at 5:30 p. m., Sunday, April 10.

Miss Gladys Dieterly of Shanghai, China, was unexpected guest speaker at the all-day missionary meeting of Bethany Church on Tuesday. Dr. H. Blakeslee of the African Inland Mission told of her experiences in Kenya Colony, British East Africa.

Robert Warren of Long Beach, nephew of Mrs. Waverly Pratt, has eliminated 4,000 contestants in the nation wide high school oratorical contest on the "Constitution of the United States." Robert, who has never entered a contest of this sort before, was coached by Mrs. Pratt.

The following members of the local order of the Eastern Star attended a reception in honor of the deputy grand matron at the El Monte Chapter on Tuesday evening. Mrs. M. Pearl Arthur, Mrs. Izzetta Carlson, Mrs. Harriet Buckingham, Mrs. Blanche Buie and Jack Buchan.

Miss Lalla Fagge, regent of the John Ruskin Chapter of the Daughters of the British Empire, attended a tea on Monday afternoon for the state board of the organization, honoring Lady Byng of Vimy, at the home of the state Pasadena. Lady Byng has consented to be honorary president of the organization.

**CLEVELAND FAMILY TO MAKE HOME HERE**

Mr. and Mrs. Harold Stitt, of Cleveland, Ohio, have moved to Judge Williams' old home on Orange Grove avenue. Mrs. Stitt is the niece of Prof. John J. Hart of West Central avenue and an old friend of Mrs. Stella Dennison. Mrs. Dennison visited Mrs. Stitt 15 years ago at Cleveland.

## City Costs Are Cut Says E D Burbank

Operating Expenses Pared And Per Capita Tax Greatly Reduced, He Asserts

To the Editor of The Sierra Madre News.

Dear Sir: In a recent circular attack on the City Administration figures of salary costs were given, comparing salaries of city officials and employees in the years of 1928 and 1932.

A survey of the salary costs, taken from the City records show the following totals for a period of nine months in 1928-29, and the corresponding period of 1931-32, that is from July 1, to March 31:

Comparative Statement of Costs, taken from the official books of the City:

Salaries of executive heads and assistants, except legal department and engineering department, July 1, 1928-March 31, 1929, \$9,360.00—July 1, 1931-March 31, 1932, \$9,405.00.

Legal expenses including monthly retainer; July 1, 1928-March 31, 1929, \$3,918.83—July 1, 1931-March 31, 1932, \$1,586.56.

Engineering expenses including salaries, July 1, 1928-March 31, 1929, \$7,204.77—July 1, 1931-March 31, 1932, \$1,872.50.

Total, July 1, 1928-March 31, 1929, \$20,438.60—total July 1, 1931-March 31, 1932, \$12,864.06.

This actually shows a saving of \$7,619.54 during the last nine months.

This drop in the cost of operating the City is reflected in the tax rate on the basis of population. In 1928 the per capita tax was \$24.75 and in 1932, it is \$18.51. This reduction has occurred in spite of a considerably smaller assessed valuation.

In connection with the item of legal expenses, I find on investigation that the figures given in the attack purporting to state the fees received by the City Attorney over a certain period are grossly overstated. For instance an item of \$1208.91 charged against him was really an amount paid over to him in trust for delivery to the Superior Court for reimbursement of Canyon Park property owners whose property was taken for the widening and extension of the recently paved roads in that area. That is, the City Attorney merely acted as agent for the city in transferring funds in that amount, to the Court, where the money now is.

An investigation of Sierra Madre's municipal affairs that is undertaken in a spirit of fair play, with intention to avoid misrepresentation and unwarranted deductions, will result in a firm conviction that the business of this City is being operated on a basis of efficiency and in a spirit of devotion to the welfare of the entire City of Sierra Madre.

Yours truly,

E. D. BURBANK.

Sierra Madre, April 6, 1932.

**Home Town Artists Given 'A Big Hand'**

tion included Mrs. Fred Griebnow, Mrs. W. S. Hull, Mrs. J. H. Robertson, Mrs. Alfred Dewey, Mrs. Harriet Grant, Mrs. Henry I. Hawhurst, Mrs. C. A. Allen presided over the coffee urn and Mrs. W. K. Solomon over the punch bowl.

**Many Alarmed By Series Of Fires On The Mountainside**

More than 200 excited Sierra Madreans either dashed madly into or telephoned the fire station between 7 o'clock and midnight on Tuesday announcing that the mountainside was afire. They had seen a series of brush fires high on the mountain between Sierra Madre avenue and the Eaton Canyon Wash. During the same time the telephone bells at Pasadena police and fire stations were ringing constantly, for thousands of persons in the Crown City had seen the same beautiful but terrifying sight witnessed here and were also alarmed.

The fires burned like giant candles and were visible all over the San Gabriel Valley. They had been lighted by a crew of workmen in the forest service assigned to cleaning up the fire breaks. The brush had been gathered up during the day and burned in the night because the danger of flying sparks was not as great as in the daytime.

**MANVILLE TO MANAGE THE GIBBS MARKET**

Frank B. Manville yesterday assumed the management of the Gibbs Meat Market on West Central avenue while Mr. and Mrs. Austin H. Gibbs prepared to close their home here and depart for their beach cottage in the hope that Mrs. Gibbs, who has been ill for some time, will regain her health. Mr. Manville is known to most of the older residents of Sierra Madre, having for some time been manager of the former Stocker Market here.

## Ball Teams Prepare For Opening Of City And Legion Leagues

With league games in the American Legion "nite ball" league not to begin before April 22, and city league games awaiting the close of school, practice games between rival teams constitute the "nite ball" menu for this week.

The Icemen "nite" baseball team won 6 to 4 from the Simonizers in a practice game last night in which home runs by J. Young and B. Jones, Icemen 3 nacker and center fielder, featured a close contest.

Members of the "Simonizers" and the "Icemen" aggregations opened the hostilities when they met last night at the public school. Both Frank P. Meyers, manager and first baseman of the "Simonizers," and Herbert Munson, manager and catcher of the Icemen, reported their men in fine form, but said line-ups were not final, there being much good material still unplaced.

The Legion nine meets the Tom Tyler team tonight. The Legionnaires have been putting in considerable practice, and are in formidable shape, although the hardest opposition they had scheduled for pre-season competition, the Dog Biscuit nine of Glendale, failed to keep a play-in appointment several weeks ago.
